Please find below UNIDO's replies to the questions raised by potential proposers:

UNIDO's reply: **This RFP is issued for open international solicitation and therefore no invitee list is available.**

Question 2: *Is it possible to bring in another System Integrator and will this System Integrator then been accepted as Prime Contractor?*

UNIDO's reply: **In case of open international solicitation the companies may decide themselves with whom they cooperate and who should be a prime contractor.**

Question 3: *At what date do you have to know the legal circumstances of our offering latest?*

UNIDO's reply: **There is no deadline for submission of the completed Appendix 9. However, you are requested to indicate your decision concerning submission of the proposal and by whom it will be submitted as soon as possible.**

Question 4: *A company requested to clarify whether it is eligible to submit a proposal based on its qualifications and experience in implementing ERP described in the same communication.*

UNIDO's reply: **The qualification requirements are explicitly described in Appendix 3 of the RFP documents and this information is quite sufficient for making a decision concerning submission of the offer by potential vendors. Please note that UNIDO will not make any judgments concerning qualifications of the companies at this stage. According to the RFP this will be done only during evaluation of the offers after their opening.**
