GC.8/Res.3 SUSTAINABLE INDUSTRIAL DEVELOPMENT

*The General Conference,*

*Recalling* resolutions GC.6/Res.7 and GC.7/Res.1,

*Aware* that sustainable industrialization remains an essential component of economic development and that, in the current globalized economy, economic success is synonymous with industrial and technological competitiveness,

*Convinced* of the relevance of sustainable industrial development as an important means of the development of developing countries,

*Bearing in mind* the existing cooperation frameworks between UNIDO, the Global Environment Facility, the United Nations Development Programme, the United

Nations Environment Programme and the Montreal Protocol,

*Stressing* the role of UNIDO as a focal point within the United Nations system for the collection, management and dissemination of information on cleaner industrial production for the benefit of Governments as well as the public and private sectors,

1. *Supports* the role of UNIDO to function as a central coordinating agency within the United Nations system in the field of industry, with the objective of assisting developing countries and transition economies to achieve sustainable development through cleaner industrialization;

2. *Requests* the Director-General:

(a) To promote environmentally sustainable industrial development, notably through closer collaboration with relevant institutions, *inter alia* the World Intellectual Property Organization and the United Nations Conference on Trade and Development, with a view to generating a transfer of sound technologies to recipient Member States;

(b) To strengthen cooperation between UNIDO, the United Nations Environment Programme and the United Nations Development Programme in the field of sustainable industrial development;

(c) To develop further UNIDO's capacity to offer assistance to developing countries in the area of norms and standards adequately oriented towards clean industrial production;

(d) To explore possibilities, within the scope of the Business Plan, to provide assistance to interested developing countries, in the event of and subject to international agreement on environmental requirements, and in close cooperation with the competent international bodies, to enable them to implement the necessary adjustment of national industrial production and related services to the internationally agreed requirements;

(e) To explore the capacity of all relevant multilateral financing institutions to support cleaner industrial production;

3. *Invites* Member States and financial institutions to contribute to the adequate funding of UNIDO programmes on sustainable industrial development.

GC.8/Res.4 UNUTILIZED BALANCES OF APPROPRIATIONS FOR THE BIENNIUMS 1992-1993 AND 1996-1997

*The General Conference,*

*Recalling* its resolution GC.7/Res.1, in particular paragraph 5,

*Welcoming* the report of the Director-General contained in documents GC.8/10, Corr.1 and Corr.2 on the implementation of the Business Plan on the Future Role and Functions of UNIDO, and particularly the work accomplished in the preparation of the service modules and development of integrated programmes,

*Noting* the report of the Director-General contained in document GC.8/18 on mobilization of financial resources, highlighting the constraints being experienced in the implementation of the integrated programmes due to limited financial resources,

*Also taking note* of the report of the Director-General in documents GC.8/21, GC.8/CRP.5 and Add.1 on the financial situation of UNIDO, showing an amount of \$5,425,084 (\$5,622,412 as of 30 November 1999) of unutilized balances of appropriations for the bienniums 1992-1993 and 1996-1997,

*Recalling and drawing the attention* of the Member States to financial regulations 4.2(b) and 4.2(c),

1. *Authorizes* the Director-General to establish a special account for a period of 18 months from 1 January 2000 to which any funds from the unencumbered balances of appropriations mentioned above would be transferred for the purpose of funding the implementation of the integrated programmes, particularly for least developed countries;

2. *Requests* Member States to take note of the information contained in documents GC.8/21, GC.8/CRP.5 and Add.1, indicating the amounts Member States are eligible to receive from the unencumbered balances of appropriations;

3. *Strongly encourages* Member States to renounce their share of the unutilized balances for the purpose of advancing the implementation of the activities of UNIDO as specified in the Business Plan on the Future Role and Functions of UNIDO;

4. *Requests* the Director-General to surrender the unutilized balances of appropriations to any eligible Member State from which a request to that end is received by 31 March 2000;

5. *Reiterates* that, should **no** request for surrender of unutilized balances be received from any Member State by 31 March 2000, the funds arising from the respective share of that Member State shall be utilized for the purpose stated above;

6. *Requests* the Director-General to report to the Industrial Development Board at its twenty-third session, through the Programme and Budget Committee, on the amounts surrendered and the utilization of those funds;

7. *Calls on* Member States, as well as States that are no longer members of UNIDO, to settle their arrears, and for Member States to fulfil their constitutional obligations by paying their assessed contributions on time, in full and without conditions, thus enabling UNIDO to execute entirely its approved budget, and increasing funds available for the Regular Programme of Technical Cooperation;

8. *Requests* the Director-General to intensify his efforts for the settlement of arrears and outstanding assessed contributions following the recommendations of the intersessional open-ended discussion group on timely payment of assessed contributions, endorsed by the Industrial Development Board.

*9th plenary meeting  
3 December 1999*

GC.8/Res.5 PARTICIPATION OF THE PRIVATE SECTOR IN THE INDUSTRIALIZATION OF AFRICA

*The General Conference,*

*Aware* of the crucial role that industrialization must play in the transformation of the African economies and more specifically in efforts to eradicate poverty,

*Recalling* in this regard the Final Communiqué of the African Heads of State and Government, issued in Algiers in July 1999, at the first meeting of the Patrons' Group of the Alliance for Africa's Industrialization,

*Convinced* that, in the process of global economic liberalization, the private sector must play the role of one of the driving forces of the industrial development of the African States,

*Recognizing* the commendable efforts of the African countries to improve further the capacity of their private sector,

*Considering* the importance accorded to the private sector in the implementation of the Plan of Action of the Alliance for Africa's Industrialization,

*Observing* that Africa's share in world trade has been continually decreasing, having fallen from 4 per cent since the early 1980s to 2.4 per cent in 1990 and to 2 per cent in 1996,

*Noting* that the African States account for barely 1.3 per cent of world foreign direct investment flows, while the rate of return on investments is higher in Africa than elsewhere in the world,

*Realizing* that one of the reasons for this situation stems from the negative image projected of Africa,

*Recognizing further* the need for the African countries to continue their efforts aimed at creating a favourable climate for direct investment and for the development of the private sector,

1. *Appeals* to all multilateral development institutions to cooperate with the private sector in UNIDO Member States in the implementation of technical assistance as well as in meetings on industrial development issues;

2. *Also appeals* to all partners in the development of Africa and to the international community to contribute jointly to the restoration of the image of Africa as a continent propitious for investment and sustainable industrial development;

3. *Requests* the Director-General to report on the implementation of the present resolution to the General Conference at its ninth session.

*9th plenary meeting  
3 December 1999*

GC.8/Res.6 THE REGION OF EUROPE AND THE  
NEWLY INDEPENDENT STATES  
(NIS)

*The General Conference,*

*Recalling* its resolution GC.7/Res.1 endorsing the Business Plan on the Future Role and Functions of UNIDO and *taking into account* decision IDB.21/Dec.5,

*Taking note* of the report of the Director-General contained in document GC.8/13,

*Appreciating* the positive results of the UNIDO transformation—the beginning of the Organization's

renewed programmatic activities based on the integrated services, including the activities in all economies in transition in the region of Europe and NIS,

*Stressing the importance* of further efforts within the framework of the Business Plan and in particular its

regional priorities in providing integrated services and in mobilizing for this purpose additional financial resources,

*Recognizing* specific needs and priorities in the region of Europe and NIS in the field of industrial development,

*Recognizing* the importance of UNIDO's involvement in the broad international efforts to induce an early transition from relief to rehabilitation, reconstruction and genuine development in the Balkan region,

1. *Requests* the Director-General,

(a) To continue his efforts aimed at ensuring ongoing dialogue between countries in the region of Europe and NIS and the Secretariat as well as identifying and implementing integrated programmes for the benefit of all these countries;

(b) To intensify his dialogue with the donor community as well as with international financial institutions and to continue exploring alternative means of mobilizing the necessary resources to enable UNIDO to participate actively in the implementation of the integrated programmes and to deliver its services in the countries of the Europe and NIS region;

(c) To take appropriate measures to assist the Balkan region in rehabilitation and development of its industrial structure in coordination with international organizations and institutions involved in the reconstruction effort;

(d) To promote cooperation among the countries in the region of Europe and NIS in the field of industrial development;

2. *Further requests* the Director-General to report to the General Conference at its ninth session, through the Industrial Development Board, on the implementation of the present resolution.

*9th plenary meeting  
3 December 1999*
