## مقدّمة

الغرض من قائمة أنشطة اليونيدو للتعاون التقني هذه هو تزويد ممثلي الدول الأعضاء بلمحة مجملّة ومرجع ميسّرٍ لاستعمالهما لا أثناء المناقشات في دورات الهيئات التشريعية فحسب بل وفي المشاورات مع الأمانة طوال السنة أيضا.

وتعرض الوثيقة تلك الأنشطة في ثلاث فئات، هي: البرامج المتكاملة والمخططات الإطارية للخدمات القطرية، ومشاريع بروتوكول مونتريال، والمشاريع الأخرى التي ووفق عليها أثناء الفترة ١٩٩٨-٢٠٠٥ (خارج نطاق البرامج المتكاملة والمخططات الإطارية للخدمات القطرية).

وتقدّم الوثيقة بيانات متنوّعة، منها عنوان النشاط وتاريخ الموافقة عليه وميزانيته وحجم إنجازهِ. ويمثّل الرقم المتعلق بإنجاز مقدار النفقات والالتزامات المتكبّدة حتى ٣١ كانون الأول/ديسمبر ٢٠٠٥. ويبيّن كل رقم في الميزانية مجموع المخصصات الفعلية المتاحة للبرنامج أو المشروع حتى ٣١ كانون الأول/ديسمبر ٢٠٠٥، لا ميزانيته أثناء السنة التي يتناولها التقرير. وترد عناوين البرامج والمشاريع، في إطار كل فئة، بلغاتها الأصلية، حسبما اعتمدت من جانب الحكومة المعنية واليونيدو، تحت اسم البلد/المنطقة/الإقليم المستفيد.

وباستثناء الباب ألف، تصنّف المشاريع تبعا لأرقامها ضمن إطار كل بلد. وتتضمّن الوثيقة أيضا قوائم بالمشاريع الإقليمية والعالمية والأقليمية. وتُدرج المشاريع المتعدّدة التمويل، حيث توجد مصادر تمويل مختلفة للمشروع ذاته، مشفوعة بأرقام المشاريع المتعدّدة المكوّنة منها وعنوان المشروع والمقدار الإجمالي لمختلف مصادر التمويل. وفي حالة المشاريع الجامعة - مثل المشاريع التي يغطي فيها التمويل المقدّم من الجهات المانحة مشاريع متنوّعة، لا تُدرج سوى المشاريع المنفردة. أما مشاريع بروتوكول مونتريال والمشاريع الأخرى التي ووفق عليها أثناء الفترة ١٩٩٨-٢٠٠٥ فتُصنّف حسب حالة كل مشروع، بحيث تجمّع المشاريع تبعا لما إذا كانت قد أُنجزت في عام ٢٠٠٥ أم كانت جارية في ٣١ كانون الأول/ديسمبر ٢٠٠٥.

## 导言

工发组织技术合作活动清单的目的是为了方便各成员国的代表不仅在理事机构开会讨论时而且在整个年度内与秘书处进行协商时用作概览和参考。

本文件分三类列出了各种技术合作活动：综合方案和国别服务框架、蒙特利尔议定书项目和 1998-2005 年期间（在综合方案和国别服务框架以外）核准的其他项目。

文件提供了各种数据，包括名称、核准日期、预算和执行情况。执行数字系指截至 2005 年 12 月 31 日发生的支出和承付款项。每一个预算数字反映的是截至 2005 年 12 月 31 日该方案或项目可得的实际拨款总额，而不是报告年度内的预算。在每一类内，方案和项目都用有关国家政府和工发组织核准时的原语文列在该受援国/地区/领土项下。

除了 A 节外，对项目根据其在每个国家内的项目号分类。文件还列出了各区域、全球和区域间项目。多种经费渠道的项目因为同一项目有不同的经费来源，所以在列出时标明了各自的多渠道项目号、项目名称和不同经费来源的总金额。对于一揽子项目，例如捐助国供资涉及不同项目的项目，则只列出单个项目。对 1998-2005 年期间核准的蒙特利尔议定书项目和其他项目按项目状况细分，从而将项目按其是否已在 2005 年内完成还是截至 2005 年 12 月 31 日正在进行实行分组。

## INTRODUCTION

The purpose of the list of UNIDO technical cooperation activities is to provide representatives of Member States with a convenient overview and reference not only for use during discussions at the sessions of the governing bodies, but also for consultations with the Secretariat throughout the year.

The document presents activities in three categories: integrated programmes and country service frameworks, Montreal Protocol projects and other projects approved during the period 1998 to 2005 (outside the integrated programmes and country service frameworks).

The document provides various data, including title, approval date, budget and delivery. The delivery figure represents expenditure and commitments incurred through 31 December 2005. Each budget figure reflects the actual total allocation available as of 31 December 2005 for the programme or project, rather than the budget during the reporting year. Under each category, programmes and projects are listed in their original language, as approved by the Government involved and UNIDO, under the recipient country/area/territory.

Except for section A, projects are sorted according to their project number within each country. The document also includes listings of regional, global and interregional projects. Multifund projects, where various funding sources exist for the same project, are listed with their respective multiple project numbers, the project title and the total amounts of various funding sources. For umbrella projects—for example those where donor financing covers various projects—only the individual projects are listed. Montreal Protocol projects and other projects approved during the period 1998-2005 are broken down by project status, thus grouping the projects according to whether they were completed in 2005, or were ongoing as of 31 December 2005.

## INTRODUCTION

La liste d'activités de coopération technique de l'ONUDI a été établie pour que les représentants des États Membres puissent disposer d'un document récapitulatif et de référence commode, utilisable aussi bien lors des débats des organes directeurs que lors des consultations avec le Secrétariat pendant le reste de l'année.

Les activités de coopération technique y sont classées en trois catégories: programmes intégrés et cadres généraux de services, projets approuvés au titre du Protocole de Montréal et autres projets approuvés au cours de la période 1998-2005 (à l'exception de ceux relevant des programmes intégrés et des cadres généraux de services).

Le présent document offre divers éléments d'information, notamment le titre de chaque programme ou projet, la date à laquelle il a été approuvé, le budget qui lui est consacré et l'état de son exécution. Le chiffre indiqué pour l'exécution représente les dépenses et engagements de dépenses enregistrés au 31 décembre 2005. Le chiffre indiqué pour le budget correspond au montant total de l'allocation effectivement disponible au 31 décembre 2005, et non au budget pour l'année considérée. Dans chaque catégorie, les titres des programmes et projets sont présentés en langue originale, tels qu'approuvés par le gouvernement concerné et l'ONUDI, et les programmes et projets sont classés selon le pays, la zone ou le territoire destinataire.

À l'exception des programmes qui sont présentés dans la section A, les projets sont classés par pays et en fonction de leur numéro. On trouvera aussi la liste des projets régionaux, interrégionaux et mondiaux. Pour les projets à financement multiple, c'est-à-dire ceux pour lesquels les sources de financement sont diverses, on trouvera indiqués les numéros multiples respectifs, le titre et le montant total des diverses sources de financement. Lorsqu'il s'agit de projets composites – par exemple là où les fonds accordés par les bailleurs couvrent plusieurs projets – seuls sont indiqués les projets pris individuellement. Les projets approuvés au titre du Protocole de Montréal et les autres projets approuvés au cours de la période 1998-2005 sont ventilés en fonction de leur état d'avancement, c'est-à-dire selon qu'ils ont été achevés en 2005 ou qu'ils étaient en cours d'exécution au 31 décembre 2005.

## ВВЕДЕНИЕ

Перечень мероприятий ЮНИДО в области технического сотрудничества призван служить для представителей государств-членов источником общей и справочной информации, который удобно использовать не только в ходе обсуждений на сессиях руководящих органов, но и в ходе консультаций с Секретариатом в течение всего года.

Включенные в настоящий документ мероприятия разделены на три категории: комплексные программы и рамки страновых услуг, проекты в рамках Монреальского протокола и другие проекты, утвержденные в течение периода 1998–2005 годов (не охваченные комплексными программами и рамками страновых услуг).

В документ включены различные данные, в том числе название, дата утверждения, бюджет и показатели осуществления. Показатели осуществления представляют собой данные о произведенных расходах и принятых обязательствах на 31 декабря 2005 года включительно. Данные, касающиеся бюджета каждого мероприятия, отражают фактическую сумму общих ассигнований, имевшихся в наличии на 31 декабря 2005 года для осуществления программы или бюджета, а не бюджет за отчетный год. Программы и проекты по каждой категории приведены на языке оригинала в том виде, в котором они были утверждены соответствующим правительством и ЮНИДО по странам/районам/территориям – получателям.

За исключением раздела А, проекты указываются в порядке, соответствующем их номерам по каждой стране. В настоящем документе также перечислены региональные, глобальные и межрегиональные проекты. Если средства на финансирование одного и того же проекта поступают из различных источников, такие проекты, финансируемые на многосторонней основе, перечисляются с указанием всех соответствующих номеров, названия проекта и общей суммы финансирования из различных источников. Что касается зонтичных проектов – например, проектов, в рамках которых доноры финансируют различные проекты, – то перечисляются только отдельные проекты. Проекты в рамках Монреальского протокола и другие проекты, утвержденные в течение периода 1998–2005 годов, приведены в разбивке в зависимости от хода осуществления проекта, и таким образом проекты отнесены к группам проектов, которые были завершены в 2005 году или осуществлялись на 31 декабря 2005 года.

## INTRODUCCIÓN

La finalidad de la lista de actividades de cooperación técnica de la ONUDI es proporcionar a los representantes de los Estados Miembros una perspectiva general y una referencia útiles que se podrán consultar no sólo durante los períodos de sesiones de los órganos rectores, sino también en las consultas con la Secretaría a lo largo de todo el año.

En el documento se presentan las actividades desglosadas en tres categorías: programas integrados y marcos de servicios para los países, proyectos relacionados con el Protocolo de Montreal y otros proyectos aprobados durante el período 1998-2005 (fuera de los programas integrados y los marcos de servicios para los países).

En el documento se suministran diversos datos respecto de cada actividad, comprendidos el título, la fecha de aprobación, el presupuesto y el estado de ejecución. La cifra de ejecución representa los gastos y los compromisos contraídos hasta el 31 de diciembre de 2005. Cada una de las cifras presupuestarias refleja el total de créditos efectivamente disponible para el respectivo programa o proyecto al 31 de diciembre de 2005 y no el presupuesto del año sobre el cual se informa. Dentro de cada categoría, los programas y proyectos se mencionan en su idioma original, según fueron aprobados por el gobierno correspondiente y la ONUDI, bajo el país, la zona o el territorio receptor.

Salvo en la sección A, los proyectos se clasifican por su número de proyecto dentro de cada país. El documento contiene también listas de proyectos regionales, mundiales e interregionales. Los proyectos de fondos múltiples, en los que para el mismo proyecto existen diversas fuentes de financiación, se consignan con su número respectivo dentro de la categoría de proyectos múltiples, seguido del título del proyecto y las sumas totales provenientes de las diversas fuentes de financiación. En el caso de los proyectos marco -por ejemplo, los proyectos en que la financiación de los donantes abarca diversos proyectos- sólo se incluyen los proyectos individuales. Los proyectos relacionados con el Protocolo de Montreal y otros proyectos aprobados en el período 1998-2005 se desglosan de acuerdo con la situación del proyecto, según se hayan concluido o aprobado en 2005 o hayan estado en curso de ejecución al 31 de diciembre de 2005.
