(d) In view of the important role of UNIDO in contributing to the industrialization of developing countries and in recognition of Africa's low level of industrial development, recommended to the General Conference that it:

- (i) Endorse the programme for the Second IDDA (1991-2000) covering the national, sub-regional and regional components contained in document CAMI.10/6:ICE/1991/6/Vol.1 and Vol.2, and declare it to be a top priority programme of UNIDO;

their efforts to implement the programme for the Second IDDA;

- (iv) Request the Director-General to ensure, in the implementation of the medium-term plan, 1992-1997, and in the drafting of all future plans for consideration by the policy-making organs of UNIDO during the Decade, to take into account both the Second IDDA and Africa's efforts to promote subregional and regional economic integration and cooperation and to enhance UNIDO's capacity to assist African countries upon request in the following activities:
 - Project identification, preparation, implementation and monitoring;
 - Preparation, evaluation and negotiation of specifications, bids and contracts;
 - Production, marketing and distribution in relation to key consumer, intermediate and capital goods, especially in the subregional and regional context;
 - Procurement and adaptation of technology, plant management and consultancy services;
 - Industrial planning and setting up of institutional support.
- (v) Allocate adequate resources to assist in the effective implementation of the programme for the Second IDDA for the rapid industrialization of Africa in line with the objectives and principles of that programme;
- (vi) Request the Director-General, in cooperation with the Executive Secretary of the Economic Commission for Africa (ECA) and the Secretary-General of the Organization of African Unity (OAU), to give high priority to the mobilization of external financial resources for the execution of programmes for the Second IDDA by, *inter alia*, organizing investment promotion meetings, solidarity meetings and consultations on industrial financing with particular reference to the programme for the Second IDDA and to accord priority to African countries in the implementation of programmes and operations relating to industrial promotion;
- (vii) Request the Director-General, in cooperation with the Executive Secretary of ECA and the Secretary-General of OAU, to intensify their cooperation in providing to African intergovernmental organizations the necessary assistance in strengthening the role of the industrial sector in the implementation of the subregional component of IDDA within the framework of the African Economic Community;

organizations such as the African Institute for Higher Technical Training and Research, the African Regional Centre for Engineering Design and Manufacturing, the African Regional Centre for Technology and the African Regional Organization for Standardization in the implementation and monitoring of the programme for the Second IDDA;

- (ix) Appeal to African countries and to African intergovernmental organizations, particularly financial institutions, to take the necessary measures to ensure the successful implementation of the programme for the Second IDDA and to give priority to the mobilization of their own financial resources for the implementation and monitoring of the programme;
- (x) In view of the importance to industrial development of the physical infrastructure, especially transport and communications, call on the Director-General to ensure that the activities of the Second IDDA are harmonized with those of the second United Nations Transport and Communications Decade for Africa;
- (xi) Also appeal to the international community, particularly bilateral and multilateral funding institutions, to increase significantly their contributions to the industrial sector in African countries, so as to ensure successful and sustained implementation of the programme;
- (xii) Urge international financial institutions, particularly the World Bank, the International Monetary Fund and the African Development Bank, to ensure full support to the Second IDDA programme and effective implementation of the programme at the national and subregional levels;
- (xiii) Considering that full private sector participation would lead to greater economic integration, call upon private sector institutions, at all levels, to accord high priority to the programme for the Second IDDA;
- (xiv) Further appeal to the United Nations Development Programme to allocate, under its fifth cycle regional and country programmes for Africa (1992-1996), adequate resources for supporting the activities of the programme;
- (xv) Request the Director-General, in cooperation with the Executive Secretary of ECA and the Secretary-General of OAU, to undertake follow-up actions for promoting national, subregional and regional activities in support of the programme and jointly submit biannual reports on the implementation of the programme to the ECA Conference of Ministers and the General Conference of UNIDO through the Conference of African Ministers of Industry.

IDB.8/Dec.47 PROGRAMME AND BUDGETS,
1992-1993

The Industrial Development Board:

(a) Took note of the efforts made by the Director-General to provide the information contained in document IDB.8/50 and addenda 1 and 2 on the expenditures related to the electronic data-processing (EDP) programme as requested in Board decisions IDB.8/Dec.35 and IDB.8/Dec.36;

(b) Reminded the Director-General of the requests contained in paragraphs (f) and (l) of decision IDB.8/Dec.36;

(c) Regretted the increased cost, in real terms, of the EDP programme which had necessitated the reduction or curtailment of other programmes, and also regretted the increase in assessed contributions of Member States in nominal terms of 12.74 per cent;

(d) Took note of the conclusion of the Project Liaison Committee (IDB.8/50) that Option 1 proposed by the consultants in their draft final report as contained in document PBC.7/CRP.13 was technically sound and the most suitable and cost-effective programme for computerization at UNIDO at the present time;

(e) Accepted the proposed expenditure on the EDP programme for the 1992-1993 biennium of \$12,322,800 in 1991 dollars, as indicated in document IDB.8/50/Add.1, on the understanding that it would be considered by the General Conference at its fourth session in all its aspects. This consideration would include the proposed maximum figure for expenditure on the EDP programme for the 1994-1995 biennium of \$13,805,200 in 1991 dollars, as indicated in document IDB.8/50/Add.1, and appropriate sources of financing of the EDP programme, on the understanding that no further funding would be made available for this programme;

(f) Requested that the EDP programme continue to be set out in future budgets as a separate object of expenditure, as shown in document IDB.8/8/Rev.2, and that it be administered in accordance with the Financial Regulations of UNIDO, especially regulations 3.4 and 4.3;

(g) Instructed the Director-General to ensure strict adherence in future to the Constitution and Financial Rules of UNIDO, and to ensure that no transfer occurs from any other budget line to the EDP programme;

(h) Requested the Director-General, with a view to ensuring the transparency of all operations concerning the EDP programme and avoiding a repetition of past difficulties, to report to the General Conference at its fourth session and subsequent sessions of the policy-making bodies on the progress and cost of implementing the consultants' recommendations, and also requested the Director-General to keep Member States fully apprised of the EDP programme by quarterly briefings and information notes;

(i) Examined the proposals of the Director-General for the programme and budgets, 1992-1993 (IDB.8/8/Rev.2 and relevant sections of

IDB.8/8/Rev.1, as well as IDB.8/50/Add.1) together with the recommendations of the Programme and Budget Committee (PBC conclusion 1991/16);

(j) Decided to adopt for submission to the General Conference for consideration and approval the proposed programme of work and corresponding estimates for the activities to be financed from the regular and operational budgets, 1992-1993, contained in document IDB.8/8/Rev.2 and relevant sections of IDB.8/8/Rev.1, as well as IDB.8/50/Add.1;
