**Conclusion 97/1**

The Committee, with the aim of utilizing the available conference-servicing resources to the maximum extent possible, decided to suspend with immediate effect rule 24 of its rules of procedure relating to the quorum, for the meetings of its thirteenth session only, provided no substantive decisions were taken at those meetings.

(item 6); SCALE OF ASSESSMENTS FOR
APPORTIONMENT OF THE REGULAR
BUDGET EXPENSES (item 7); WORKING
CAPITAL FUND FOR THE BIENNIA
1998-1999 (item 8)

14. On 8 and 9 September, the Committee considered
proposals by the Director-General containing an indicative
10 per cent budget reduction (PBC.13/14/1), an indicative
20 per cent reduction (PBC.13/14/2), an indicative 30 per
cent reduction (PBC.13/14/3), programmatic and policy
implications of the indicative budget reduction proposals
(PBC.13/14/4) and personnel and financial implications of
the indicative budget reduction proposals (PBC.13/14/5),
a note by the Secretariat on the scale of assessments for
the fiscal period 1998-1999 (PBC.13/12), and proposals
by the Director-General on the Working Capital Fund for
the biennium 1998-1999 (PBC.13/8).

15. On 11 September, after consideration of a draft
conclusion on the programme and budgets, 1998-1999
submitted by the Chairman (PBC.13/L.8), the Committee
adopted the following conclusion:

Conclusion 97/4 PROGRAMME AND BUDGETS,
1998-1999

The Programme and Budget Committee:

(a) Took note of the documentation provided on
the proposals for the programme and budgets, 1998-1999
(PBC.13/14/1-5);

(b) Also took note of the views expressed by
Member States during the informal consultations, as
reflected in the report of the Chairman contained in the
annex to the present conclusion;

(c) Requested the Director-General to prepare a
programme and budget proposal for the biennium
1998-1999 on that basis for submission to a resumed
thirteenth session of the Committee to be held on 6 and 7
November 1997;

(d) Decided to establish an ad hoc open-ended
working group under the chairmanship of
Mr. J. A. F. M. Förster (Netherlands) for the purpose of
examining issues related to field representation, including
further opportunities for administrative savings and the
extent to which those resources could be redeployed to the
field.

(e) Requested the ad hoc open-ended working
group to report to the resumed thirteenth session of the
Committee, taking into account the need for the Director-
General to reflect the recommendations emerging
therefrom in his proposals.

Annex

Report of the Chairman, Informal Consultations
H.E. Y.M. Tiwari (India)

Mr. Chairman, Distinguished Delegates,

1. When the Bureau first met at the beginning of
the session to tackle the question of addressing the
budget proposals, there was no clear solution
pointing to a particular approach guaranteeing
success. While I was honoured to be entrusted with
the task of chairing this important exercise, it was
with reluctance that I agreed to do so, knowing full
well that it would be no easy task. Our first
meeting—on Tuesday afternoon—began with a
consensual agreement to use as a technical basis for
our discussions the document covering the 20 per
cent indicative reduction, without prejudice to the
actual outcome of reductions to be applied to the
various programmes and subprogrammes. Of par-
amount consideration at all times was the recognition
that resource allocations were to reflect activities
and priorities in the Business Plan.

Mr. Chairman,

2. It has often been said over the past few months
that Member States have demonstrated a high regard
for the principle of consensus. This spirit certainly
prevailed in our discussions, which took place in an
atmosphere of understanding of our common
interest. The high quality of interventions reflected
the degree to which many delegates have studied the
detailed proposals and considered the implications
of budgetary allocations attached to the pro-
grammes.

3. Not surprisingly, Mr. Chairman, Major Pro-
grammes C and D—which represent the essence of
substantive programmes contained in the Business
Plan—required difficult hours of discussion. There
was general consensus that these two Major
Programmes, which represent the main substantive
areas of work of the Organization, should be
preserved to the maximum extent possible. Major
Programme E—containing the field representation
element—was no less arduous.

4. To sum up our agreements, it must be said that
in some cases both Germany and Japan expressed
reservations pending the overall picture and instruc-
tions from their capitals.
Major Programme A

5. The meeting felt that the 20 and 30 per cent scenarios differed little in terms of cost, and the 10 per cent scenario had only a slightly higher budget but not significantly so. The meeting therefore proposed to recommend the 30 per cent budget reduction for this programme and achieve further savings by shortening meetings, speaking time, or both. There seemed to be an inclination to consider favourably the suspension of the relevant rule of procedures of the IDB (rule 69.1) regarding the issuing of summary records and issuing unedited transcripts of meetings as in other organizations.

6. The meeting also suggested that further savings may be found—as proposed by one Member State and supported by other Member States—in reducing the number and/or duration of IDB and PBC meetings.

Major Programme B

7. The meeting presented a very heterogeneous picture with a wide range of views. There were some views to abolish the New York and Geneva Liaison Offices; others urged caution not to close them. The majority saw the value in retaining the services of the liaison offices while emphasizing the continuing search for possible savings.

8. With the exception of one Member State in particular—who noted that Legal Services retained the same resources in all three scenarios—most other delegations understood the need for keeping the resources and staffing level proposed in the scenarios. There was some suggestion to economize—some small economies and major restructuring were suggested—in particular with respect to the regrouping of activities in an effort to support audit-related services. The meeting noted that the 20 and 30 per cent scenarios were practically identical in terms of budget allocations. The consensus which emerged was to recommend the adoption of the level of resources foreseen in the identical 20 and 30 per cent scenarios. There was also the proviso that, within this major programme, serious thought would be given to the relative weights of individual programmes. Moreover, further efforts should be made to achieve further savings in consultants, travel (particularly for the Liaison Offices), overtime and general temporary assistance.

Major Programme C

9. Most delegations agreed that this Major Programme is a key priority and fully corresponds to the Business Plan.

- C.1 (Industrial investment, technology and information): A figure less than a 20 per cent reduction of budget seemed to be acceptable to most delegations, while some Member States were in favour of eliminating subprogramme C.1.2 (Technological capacity-building). One delegation proposed to largely retain the activities foreseen under this subprogramme C.1.2 but incorporating them into subprogrammes C.1.1 (Investment promotion and technology transfer) and C.1.3 (Industrial information and networking) as appropriate.

- C.2 (Industrial policies and strategies): A reduction between 10 and 20 per cent was suggested. Most delegations agreed that this is a core global forum function of UNIDO which corresponds closely to the Business Plan. One Member State was in favour of reductions in subprogramme C.2.2 (Industrial statistics).

- C.3 (Institutional capacity-building): The programme was found to be fully in line with the Business Plan priorities. Most delegations supported the reduction of 10 per cent.

- C.4 (Integrated agro-industry development): This programme was also seen as a core priority of the Business Plan. The majority proposed no cuts with some Member States arguing even for increased resources for this programme.

- C.5 (Other sectoral capacity-building): While the two subprogrammes under this programme were found by some delegations to be relatively small, most agreed to keep them at the 20 per cent reduction scenario.

Major Programme D (Cleaner and sustainable industrial development)

10. All delegations agreed that this Major Programme corresponds to the key priority established in the Business Plan.

- D.1 (Cleaner production): Reductions should be less than 20 per cent and more towards the 10 per cent scenario.
- D.2 (Applied environmental technologies): A 10 per cent reduction was agreed.

- D.3 (International environmental agreements): A 10 per cent reduction was retained.

Major Programme E (Regional programme management)

11. This Major Programme involved possibly the most complex and lengthy discussion and negotiation. There was general sentiment that the implications of the programme and budget proposals had not been fully developed to provide a comprehensive and clear picture of the future structures. The resource allocations to headquarters-based activities appeared to many Members to offer further scope for redeployment. The functions and linkages of the three levels foreseen (headquarters, subregional and country offices), in particular needed to be clearly defined. Some Members highlighted the importance of voluntary contributions for field structures to supplement the low resource level. There was an overall agreement that, at any rate, field structures should be strengthened as indicated in the Business Plan. In the final analysis, there was general consensus to retain the global resource figure for field offices as contained in the 20 per cent scenario document, linked with the request to the Director-General to effect further redeployments from all relevant parts of the Organization, to the maximum extent possible. Furthermore, at the conclusion of these present budget discussions, should further savings be identified for redeployment, such funds should be redeployed to field offices.

Major Programme F (Technical cooperation management)

- F.1 (Funds mobilization, project approvals and programme monitoring): It was requested that reductions be as close as possible to the 30 per cent scenario. In addition, the question was raised regarding the organizational location of Internal Audit in view of its close links with Evaluation and Programme Monitoring and also considering the issue of personnel setup with G.1.

- F.2 (Quality assurance and evaluation): A 20 per cent reduction was agreed.

- F.3 (Operational support): A reduction was requested which would move slightly beyond 20 per cent, with further cuts to be concentrated on staff costs. The question of the optimal organizational structure of Personnel Services and Financial Services was raised.

Major Programme G (Administration)

12. The general inclination was towards the maximum level of reductions. The 30 per cent scenario was accepted with the proviso that efforts to identify areas of further savings be continued. Resources thus saved should be used to strengthen field structures, in keeping with the concept of increased delegation of authority to the field. A small inter-sessional working group could be established for this purpose.

13. Concern was expressed over the methodology to be applied to separations and over the cost thereof. Member States urged the Secretariat to use a judicious mix of voluntary separations and expiration of fixed-term contracts no longer required in view of the discontinuance of activities in accordance with the Business Plan and in view of the major restructuring of UNIDO which would result therefrom.

16. On 11 September, after consideration of a draft conclusion on the scale of assessments for apportionment of the regular budget expenses submitted by the Chairman (PBC.13/L.2), the Committee adopted the following conclusion:

Conclusion 97/5 SCALE OF ASSESSMENTS FOR THE APPORTIONMENT OF THE REGULAR BUDGET EXPENSES

The Programme and Budget Committee:

(a) Took note of the note by the Secretariat on the scale of assessments for the fiscal period 1998-1999 (PBC.13/12);

(b) Proposed to the Industrial Development Board that it recommend to the General Conference the establishment of a scale of assessments for the biennium 1998-1999, based on the scale employed by the United Nations at the time of the seventh session of the General Conference.

17. On 11 September, after consideration of a draft conclusion on the Working Capital Fund for the biennium 1998-1999 submitted by the Chairman
(PBC.13/L.5), the Committee adopted the following conclusion:

**Conclusion 97/6 WORKING CAPITAL FUND FOR THE BIENNIAUM 1998-1999**

The Programme and Budget Committee recommended to the Industrial Development Board the adoption of the following draft decision:

"The Industrial Development Board:

"(a) Recommends to the General Conference that, due to changes in membership, the level of the Working Capital Fund for the 1998-1999 biennium should be $6,610,000 and that the authorized purposes of the Fund for the 1998-1999 biennium should remain the same as for the 1996-1997 biennium, i.e. as stipulated in decision GC.2/Dec.27, paragraph (b);

"(b) Urges Member States to pay their outstanding assessed contributions as soon as possible to minimize the need to withdraw sums to meet shortfalls in the payment of assessed contributions."

**IV. INDUSTRIAL DEVELOPMENT FUND AND OTHER VOLUNTARY CONTRIBUTIONS (item 9); WITHDRAWAL OF THE UNITED STATES OF AMERICA (item 11); PROPOSALS FOR THE APPOINTMENT OF AN EXTERNAL AUDITOR (item 12)**

18. On 9 and 10 September, the Committee considered a report by the Director-General on the Industrial Development Fund and other voluntary contributions (PBC.13/7), information on the nature of projects financed from the Industrial Development Fund, contained in the Annual Report of UNIDO 1996 (PBC.13/10/Add.1, appendix C), information on the nature of projects financed from third party and self-financed trust funds, contained in the Annual Report of UNIDO 1996 (PBC.13/10/Add.1, appendix D), a note by the Secretariat containing lists of projects approved under the Industrial Development Fund in 1996 (PBC.13/CRP.1), a report by the Director-General on issues arising from the withdrawal of the United States of America (PBC.13/9) and a report by the Director-General containing candidatures for the appointment of an external auditor (PBC.13/2).

19. On 11 September, after consideration of a draft conclusion on the *Industrial Development Fund and other voluntary contributions* submitted by the Chairman (PBC.13/L.6), the Committee adopted the following conclusion:

**Conclusion 97/7 INDUSTRIAL DEVELOPMENT FUND AND OTHER VOLUNTARY CONTRIBUTIONS**

The Programme and Budget Committee recommended to the Industrial Development Board the adoption of the following draft decision:

"The Industrial Development Board:

"(a) Takes note of the information contained in document IDB.18/9-PBC.13/7;

"(b) Decides to delegate to the Director-General the authority to approve projects for financing under the Industrial Development Fund in 1998 and 1999, in accordance with the information contained in chapter II of document IDB.18/9-PBC.13/7;

"(c) Encourages Member States to increase their pledges to the Fund and to make available funding from both multi- and bilateral sources for UNIDO projects and programmes related to high-priority activities or areas;

"(d) Encourages Governments of recipient countries to take a more active role in sharing with UNIDO the responsibility to mobilize funds from sources available to them for UNIDO projects and programmes related to high-priority activities or areas."

20. On 11 September, the Committee adopted a conclusion (97/2) on the withdrawal of the United States of America (see para. 12 above).

21. On 11 September, after consideration of a draft conclusion on *proposals for the appointment of an external auditor* submitted by the Chairman (PBC.13/L.7), the Committee adopted the following conclusion:

**Conclusion 97/8 PROPOSALS FOR THE APPOINTMENT OF AN EXTERNAL AUDITOR**

The Programme and Budget Committee recommended to the Industrial Development Board the adoption of the following draft decision:

"The Industrial Development Board recommends that the General Conference approve an extension of the present appointment of the President of the Federal Court of Audit of Germany as the External Auditor of UNIDO for a period of two years, from 1 July 1998 to 30 June 2000, under the terms of reference specified in the Financial Regulations of UNIDO."
V. DATE OF THE RESUMED THIRTEENTH SESSION

22. On 11 September, the Committee adopted the following conclusion:

Conclusion 97/9 DATE OF THE RESUMED THIRTEENTH SESSION

The Programme and Budget Committee decided to resume its thirteenth session on 6 and 7 November 1997.

VI. ADOPTION OF THE REPORT AND SUSPENSION OF THE THIRTEENTH SESSION (items 14 and 15)
