Item 6 of the provisional agenda

**Scale of assessments for apportionment of
the regular budget expenses for the
biennium 2014-2015**

Scale of assessments for the fiscal period 2014-2015

Revised note by the Secretariat

The present document proposes a scale of assessments for the fiscal period 2014-2015, based on the latest available United Nations scale adopted in resolution 67/238 by the United Nations General Assembly, adjusted to the membership of UNIDO after the announcement of 18 April 2013 of one Member State to renounce its membership in the Organization.

I. Scale of assessments

1. The Programme and Budget Committee is required under Article 10.4 of the Constitution to prepare the draft scale of assessments for regular budget expenditures, for submission to the Board. In accordance with Article 15.1 of the Constitution of UNIDO “regular budget expenditures shall be borne by the Members, as apportioned in accordance with a scale of assessment established by the Conference by a two-thirds majority of the Members present and voting, upon the recommendation of the Board adopted by a two-thirds majority of the Members present and voting, on the basis of a draft prepared by the Programme and Budget Committee.”

For reasons of economy, this document has been printed in a limited number. Delegates are kindly requested to bring their copies of documents to meetings.

2. The latest available United Nations scale is the scale of assessments adopted on 24 December 2012, in General Assembly resolution 67/238, for a three-year period 2013-2015, which establishes:

- (a) A minimum assessment rate of 0.001 per cent;
- (b) A maximum assessment rate for the least developed countries of 0.01 per cent;
- (c) A maximum assessment rate of 22 per cent.

3. On 18 April 2013, the Permanent Representative of France informed the UNIDO Secretariat that the Government France would withdraw its membership from the Organization. According to Article 6.1 of the Constitution a “Member may withdraw from the Organization by depositing an instrument of denunciation of this Constitution with the Depository.” According to Article 6.2 of the Constitution, “withdrawal shall take effect on the last day of the fiscal year, following that during which such instrument was deposited.” In accordance with Article 6.3 of the Constitution “the contributions to be paid by the withdrawing Member for the fiscal year following that during which such instrument was deposited shall be the same as the assessed contributions for the fiscal year during which such deposit was effected. The application of the assessment rates adopted by the General Assembly for the years 2013-2015 (resolution 67/238), adjusted to the membership of UNIDO, results in a total assessment of 61.288 per cent (column 1 of the annex), owing to differences in membership between the United Nations and UNIDO. To produce a scale of assessment that covers 100 per cent of the regular budget expenditures of UNIDO, it is necessary to apply a mathematical coefficient to the United Nations rates for UNIDO Member States. The coefficient is not applied to the rates of United Nations Member States paying the minimum assessment of 0.001 per cent, and it ensures that the rate of least developed countries does not exceed 0.01 per cent. The coefficient calculation is shown below.

Calculation of coefficient for the year 2014-2015
(Percentage)

	<i>United Nations rate of assessment 2013-2015</i>	<i>UNIDO rate of assessment 2014-2015</i>
Total (170 Member States)	61.288	100.000
UNIDO Member States paying the minimum assessment (0.001 per cent × 29 States)	-0.029	-0.029
Least developed countries (0.01 per cent × 8 States)	-0.080	-0.080
Total for calculation of coefficient	61.179	99.891
Coefficient for 2014-2015: 99.891/61.179		1.63276614524592

4. The calculation of the new scale of assessment did not result in any country being assessed above 22 per cent and, therefore, this conditionality has not been applied in arriving at the coefficient for 2014-2015.

5. Column 3 of the annex to the present note shows the resulting UNIDO scale of assessment for the fiscal period 2014-2015 by applying the coefficient mentioned

above. Column 4 shows assessment rates for 2012 and 2013, included for comparison purposes only.

New Member States

6. In accordance with financial regulation 5.6, new members shall be assessed for the year in which they become members at rates to be determined by the Conference. Adjustments to the scale to include any State that may become a member between now and the closure of the fifteenth session of the General Conference in accordance with Articles 3, 24 and 25 of the Constitution will be communicated to the Conference.

II. Action required of the Committee

7. The Committee may wish to propose to the Industrial Development Board the adoption of the following draft decision:

“The Industrial Development Board:

(a) Takes note of document IDB.41/6/Rev.1-PBC.29/6/Rev.1;

(b) Recommends to the General Conference the establishment of a scale of assessments for the fiscal period 2014-2015 based on the United Nations General Assembly resolution 67/238, adjusted to the membership of UNIDO on the understanding that new members shall be assessed for the year in which they become members on the basis of the United Nations scale of assessments, as applicable to UNIDO;

(c) Urges Member States to pay their assessed contributions for the 2014-2015 biennium in accordance with financial regulation 5.5 (b), which states that contributions and advances shall be due and payable in full within thirty days of the receipt of the communication of the Director General, or as of the first day of the calendar year to which it relates, whichever is later;

(d) Calls on Member States and former Member States that are in arrears to fulfil their constitutional obligations by paying their outstanding assessed contributions in full and without conditions as soon as possible, or to take advantage of payment plans to settle their arrears, in accordance with previous decisions by the policymaking organs of UNIDO.”
