III- ALIGNMENT OF PCP-CIVP WITH NATIONAL DEVELOPMENT PROGRAMS

UNITED NATIONS
INDUSTRIAL DEVELOPMENT ORGANIZATION

Programme for Country
Partnership Côte d'Ivoire

I- COORDINATION OF STAKEHOLDERS

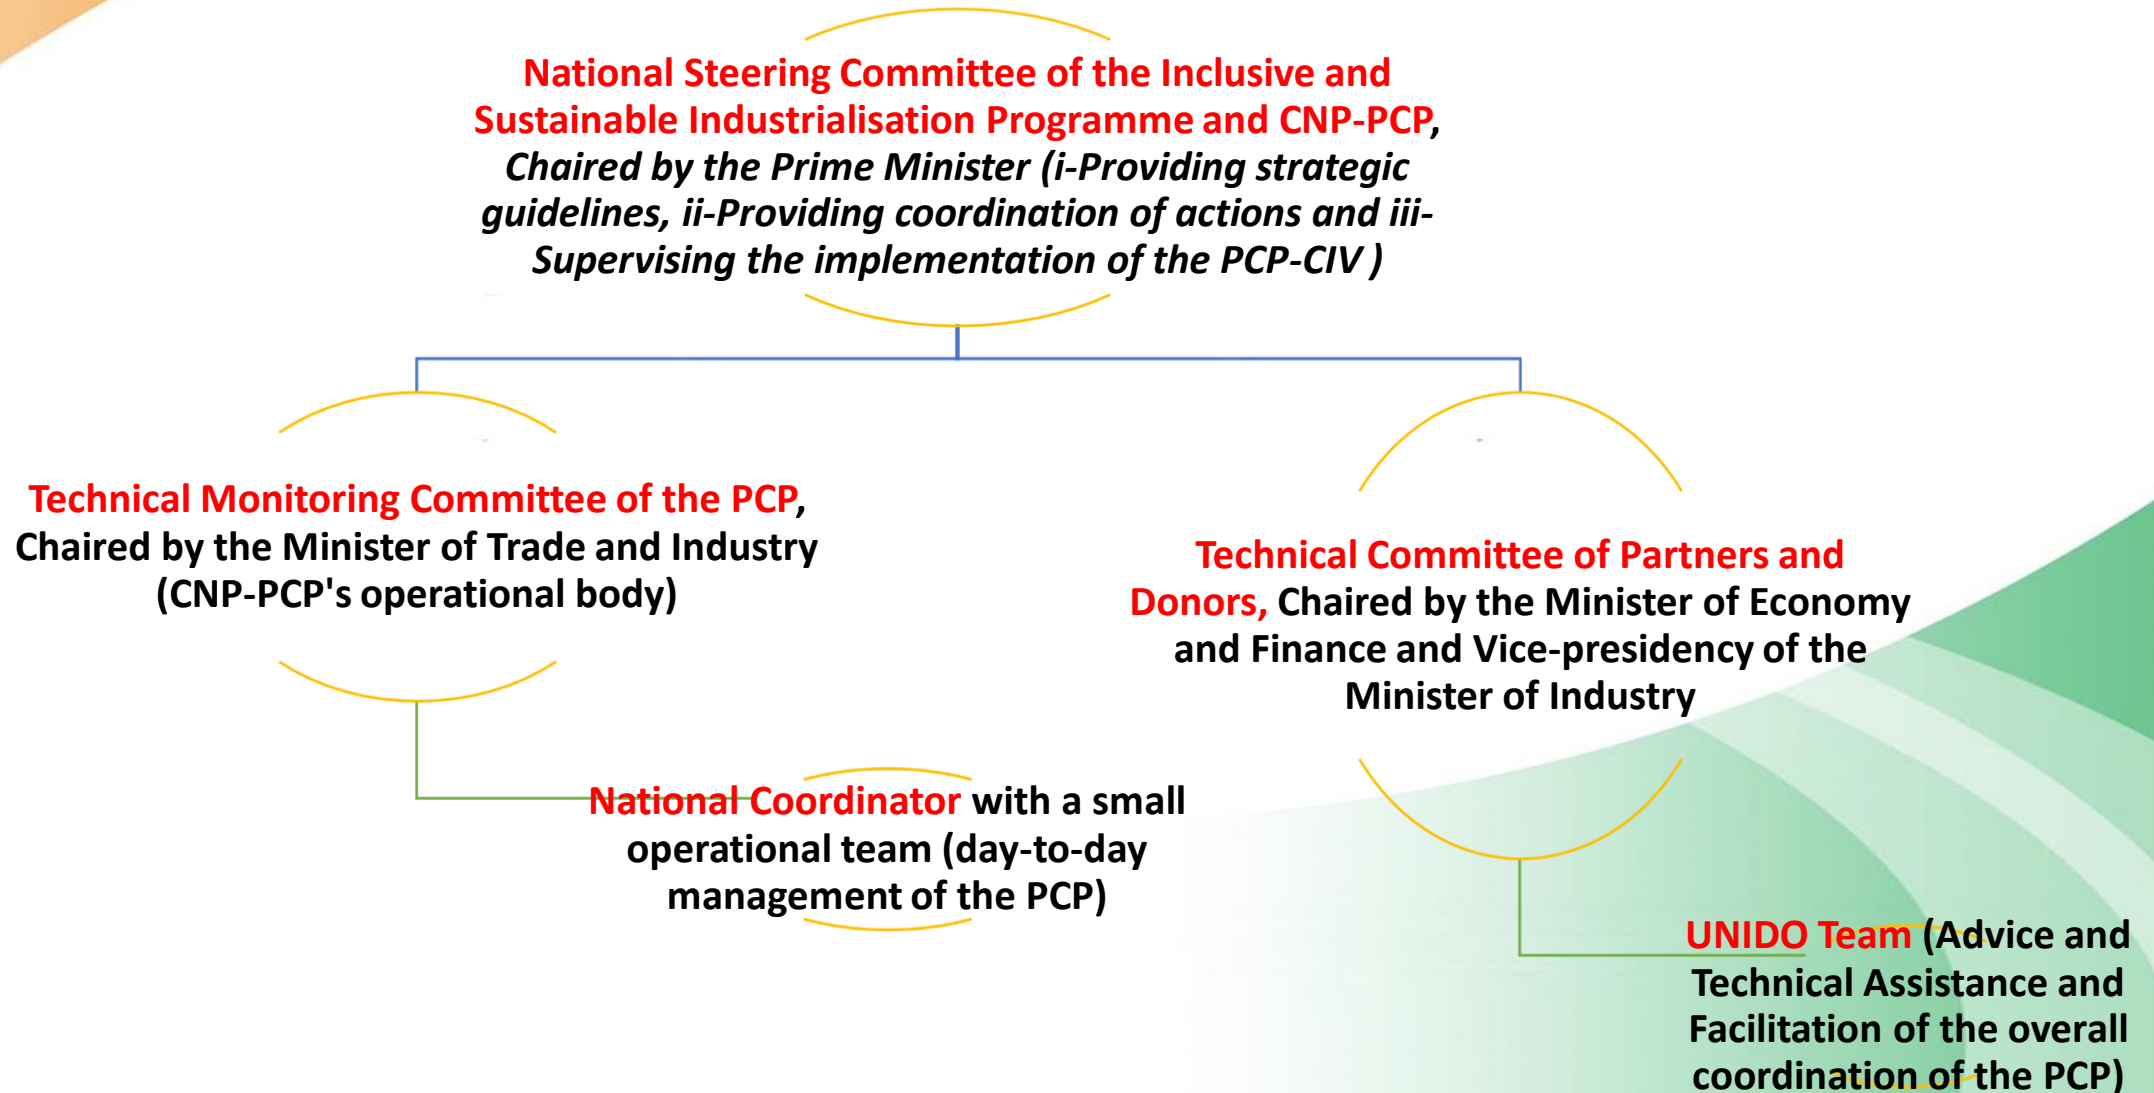

■ PCP Côte d'Ivoire - Programming phase

■ PCP-CIV Stakeholders: Who are they?

- **Public sector:** Prime Minister's Office, Ministry in charge of Industry and Technical Ministries (MPD, MEF, MBPE, etc.), National Support Institutions for the Industrial and Private Sectors
- **Private sector:** Corporate sector (CGECI, UGECI, Plateforme Unique des PME, CCI-CI, FIPME etc.).
- **Technical and Financial Partners:** Agencies of the United Nations System, Development Finance Institutions, Bilateral and Multilateral Partners
- **UNIDO :**
- **Civil society:** NGOs, Universities, Research Institutes
- **NB:** For the Government, one of the conditions for the success of the PCP-CIV : **Strong involvement of the various stakeholders and a good communication and ownership strategy.**

Establishment of a Partnership and Coordination Mechanism of the PCP-CIV involving all stakeholders :

Programme for Country
Partnership Côte d'Ivoire

II- MOBILISATION OF PARTNERSHIPS AND RESOURCES

- ❑ **To ensure the successful implementation of the PCP Côte d'Ivoire, the Government, intends to facilitate the mobilization and coordination of three flows of financial resources, namely:**
 - resources from public finances;
 - resources from donor support for development;
 - And resources from private sector investment.

UNITED NATIONS
INDUSTRIAL DEVELOPMENT ORGANIZATION

Programme for Country
Partnership Côte d'Ivoire

□ Several actions to be carried out :

- **Provide the contribution of the State of Côte d'Ivoire up to 40% of the amount necessary for the implementation of the PCP,** (the Government has started the procedure for making its 2020 counterpart available to UNIDO).
- **Set up the Technical Committee of Technical Partners and Donors (chaired by the MEF and the Minister of Industry) with the following missions:**
 - (i) coordination of the Technical and Financial Partners;
 - (ii) the mobilisation of resources for industry and the secretariat of the coordinating body.

INDUSTRIAL DEVELOPMENT ORGANIZATION

Programme for Country
Partnership Côte d'Ivoire

□ Several actions to be carried out :

- **Mobilise the support of technical and financial partners:** through an approach adapted to the strategies and financial instruments of the various donors and partners present in the country,
- **Develop and implement a resource mobilisation strategy based on innovative financing mechanisms involving various stakeholders.**
- **Effective inclusion and alignment of PCP components in the National Development Plan 2021-2025 and in the Government's priority investment programmes to facilitate the mobilization of technical and financial resources for inclusive and sustainable industrial development in Côte d'Ivoire.**

III- TEMPORAL AND PROGRAMMATIC ALIGNMENT OF THE PCP WITH NATIONAL PROGRAMMES

Components of the PCP

1- Human capital and gender

2- Investment and Finance

3-Consensus Governance for an inclusive and sustainable competitive industry

4- Inclusive and sustainable development of territories and rural areas based on value chains

5- Sustainable cities and towns: promoting a circular economy based on entrepreneurship and innovation

6 Positioning of the industry in the sub-region across value chains

PILLARS PND 2021-2025

1- Strengthening Governance and Modernisation of the Administration

2- Strengthening industrial transformation, cluster development and digitalisation

3-Development of human capital and productivity

4- Strengthening solidarity, social action and national inclusion

5-Regional development through economic competitiveness clusters and infrastructure development

Strategic Priorities UNSDCF 2021 - 2025

1- Promoting more effective and transparent governance

2- Accelerating the structural transformation of the economy

3- Improving human capital

4- Renforcement l'inclusivité et le développement des procédés

5- Reducing vulnerability to climate change and environmental problems

Thank you
