# Experiences as PCP ETH Project Manager from the ROH ETH

Ethiopia  
Programme for Country Partnership

1. Better PCP Team Coordination with CTAs and NPCs (bi-monthly meetings) facilitating Team Building activities also with HQs PMs;
2. Stronger linkages with GoE, particularly with line-Ministries (MoTI, MoA and MoF) but also institutions supporting strategic funds mobilization activities and partnerships (example: coffee value chain);
3. Better opportunities to mobilize development partners to address GoE's goals on ISID, building on successful programs;
4. Integration of the PCP approach into the new UN Sustainable Development Cooperation Framework (UNSDCF 2020-2025 for Ethiopia) as a model for promoting partnerships particularly with the private sector and DFIs.
