GREEN INDUSTRY SUMMER SCHOOL-2022

July 26 - July 29, 2022 | Virtual

2ND PAGE GREEN INDUSTRY SUMMER SCHOOL-2022

JULY 26 - JULY 29, 2022 | VIRTUAL

What are policy measures working effectively in reviving the manufacturing industry? What are policy responses required to address the new layer of the global food crisis caused by war? Why does industrial development matter now more than ever before? How can industry advance a low carbon future?

In seeking to answer of these questions, UNIDO, under the Partnership for Action on Green Economy (PAGE), is organizing Green Industry Summer School to advance learning on green industrial transformation.

WHAT TOPICS WILL THIS COURSE COVER?

- Green Industrial Development (Industrial deep decarbonization, Circular Economy, Digitalization)
- Responses to global food crisis and supply disruption
- Green recovery and building resilience for Industries and SMEs
- I-GO (Integrated Greening Operation) tools
- Green jobs and just transitions
- Finance and investment for green industrial development
- A virtual tour to an industrial site
