<tr>
<td>1. In the case of the burned transformers we have to optimize the space into the containers, could you send us more photographs?</td>
<td>All burned transformers are stored in Warehouse No 3. A supplementary photographic annex is enclosed below/next page.</td>
</tr>
</tbody>
</table>

To improve efficiency, kindly try to send ALL your clarification questions in one single communication.

Please also be reminded that request for clarifications, if any, shall be received two weeks prior to the offer submission deadline.
Equipment burned in Warehouse No. 3. (Complementary Photos)

Details of **Warehouse No. 3** where the burned transformers are stored were presented in the document “Annex 2-Laurelty Complex_FINAL+Plans.

To provide greater visual details of the burned transformers located in Warehouse No. 3., the warehouse was virtually divided in 4 sections as is indicated in the following diagram (figure 1). Photos showing each of these sections are presented below.
